Declaration

- ✓ Please read the instructions carefully before equipment installation and using the device.
- ✓ Do not put the product in high temperature, humid or dusty environment.
- ✓ Do not drop, crash or break down this product.
- This product is without battery, and after setting up any Settings on the Settings, it is recommended that the user should not immediately shutdown and confirm. Please wait for at least 5s before shutting down. For the system to save Settings data to database.
- Do not power off the device when it's formatting or upgrading, otherwise it will cause operation system error.
- ✓ This product is not waterproof.
- ✓ Use only approved add-on enhancements.

Product Instruction

1. Power Key:

- (1).Short press sleep and wake up
- (2).Long press to pop out the power off and reboot dialog box
- 2. SD Card Slot / Cover: support external SD card
- 3. Exit Button: return to the previous page
- 4. Function Keys (Up / Down): select the up/down item
- 5. Function Keys (Vol+ / Vol-): adjust the system volume

6. DC In Jack: powered by 12V/2A DC input

7. LED Indicator:

Green	Power supply is on.
Red	sleep state.

- 8. Headphone: 3.5mm Stereo + MIC
- 9. HDMI Port: HDMI Type A output (covered, for production test only)

10. Add-on module slot: to put optional add-on module

- 11. Micro-USB Port: support Micro-USB 2.0
- 12. USB Port: support USB 2.0 Host type A
- 13. 10/100/1000Mbps RJ45 Ethernet Port: support Ethernet connection
- **14. VESA Mount Holes:** for installing the bracket

15. Speakers: 80hm / 2W

- 16. WIFI: 802.11b/g/n/ac 2.4G/5G
- **17. Temperature** : Operation: 0°C ~ 40°C (32F ~ 104F)

Storage: -10°C ~ 55°C (14°F ~ 131°F)

18: Bluetooth : V4.2 of 1, 2 and 3 Mbps.

Power on the Product

Without Mounting Bracket

Step1 Power on the power adapter that connected to this product.

Step2 When the power is switched on, the LED light (**#7**) shows green.

Use Mounting Bracket

Step1 Put the mounting bracket to the back of the tablet, and tighten the installation screws on the screw holes.

Step2 Plug the power adapter into the DC in jack (#8 in **Product Instruction**) at the bottom of the mounting bracket.

Insert SD Card

This product supports external SD card. Please insert your SD card into the SD Card Slot (#2 in Product Instruction) on the top of this product.

Insert USB Devices

This product supports USB and Micro-USB to deal with your files.

USB

Plug your USB memory into the USB port (**#12** in <u>Product Instruction</u>) on the bottom of this product, and then you can do the file operations via the File Browser. (See in <u>Browse Files</u>).

Micro-USB

Connect the Micro-USB port (**#11** in <u>Product Instruction</u>) on the bottom of this product and the USB port on your computer with a Micro-USB-to-USB cable.

Click the "USB debugging connected" Entry "Developer options" interface;

When the factory data reset window appears, wait for the system to restart and reset to the factory default.

Federal Communications Commission (FCC) Statement

15.21 You are cautioned that changes or modifications not expressly approved by the part responsible for compliance could void the user's authority to operate the equipment.

15.105(b) This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.

However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

1) this device may not cause harmful interference, and

2) this device must accept any interference received, including interference that may cause undesired operation of the device.

FCC RF Radiation Exposure Statement: This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment.

This equipment should be installed and operated with minimum distance 20cm between the radiator & your body.

This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.

Operations in the 5.15-5.25GHz band are restricted to indoor usage only.

This device meets all the other requirements specified in Part 15E, Section 15.407 of the FCC Rule
